STATEMENT

This bill would authorize municipalities to adopt or amend their ordinances allowing for short-term tax exemptions and abatements in areas in need of rehabilitation to allow a subsequent purchaser of a dwelling located within an area in need of rehabilitation to submit an application for a short-term tax exemption or abatement for improvements that were made to the dwelling by the prior owner. The bill would also require the owner of a dwelling located in an area in which short-term tax exemptions and abatements are allowed, which owner has completed improvements to the dwelling,

1 but has not submitted an application to the assessor for a tax
2 exemption or abatement, to provide notice to that effect to the
3 subsequent purchaser of the dwelling at the time of entering into a
4 contract of sale for the dwelling.

5 This bill responds to the circumstance in which a person or firm
6 purchases a dwelling located in an area in need of rehabilitation,
7 completes improvements to the dwelling, but does not submit an
8 application for a five-year tax exemption or abatement, which is
9 allowed under State law and authorized by local ordinance, and then
10 “flips” the improved dwelling to a new owner. In this
11 circumstance, the purchaser may have been savvy enough to check
12 the tax assessment and tax bill amount of the property at the time of
13 purchase, but be unaware that the assessment and tax bill has not
14 yet taken into account the value of improvements to the property.
15 Under this scenario, it may not be until after the assessor adjusts the
16 assessed value of the property to reflect the improvements, and a
17 tax bill is delivered to the new owner reflecting this increase in
18 value, that the new owner learns of a substantially increased
19 financial obligation that was not taken into consideration when
20 deciding to purchase the dwelling.

21 Although our State Constitution allows municipalities to grant
22 exemptions and abatements from real property taxation in areas in
23 need of rehabilitation for a period of time not in excess of five
24 years, current law requires applications for exemptions or
25 abatements to be submitted to the assessor within 30 days of
26 completion of improvements.

27 Specifically, the bill will allow municipalities that adopt
28 ordinances providing for short-term tax exemptions and abatements
29 for improvements to dwellings to provide that, in the event a
30 claimant has not filed an application with the assessor within 30
31 days following the completion of improvements to a dwelling, a
32 purchaser of the dwelling may file an application with the assessor
33 within the later of one year of the date of completion of the
34 improvements, or within one year of the date of the purchase of the
35 dwelling. This will provide the subsequent purchaser of a dwelling,
36 in municipalities allowing it, a window of opportunity to submit an
37 application for an exemption or abatement which, if granted will
38 provide the new owner a period of time to take appropriate action
39 based upon this financial obligation.

40 By requiring property flippers to notify purchasers of dwellings
41 at the time of sale that they have recently made improvements to the
42 dwelling, have not applied for a tax abatement or exemption, and
43 that the current tax bill may not reflect increased value to the
44 dwelling attributable to the recent improvements, the purchaser will
45 be on notice of these factors and will have an opportunity to make a
46 more accurate determination of whether to purchase the dwelling.
